Standards for Participation

We have created a set of reliable, straightforward standards that give all participants in the mobile ecosystem, including donors, some assurances with respect to who is using the mobile channel. In order for a non-profit organization ("NPO") to solicit contributions through the mobile channel, the NPO must have a rating of m4 or higher.

The following scale is used:
NPO adheres to all 11 standards: m5
NPO adheres to 9 or more standards: m4
NPO adheres to 6 or more standards: m3
NPO adheres to 4 or more standards: m2
NPO adheres to less than 4 standards: m1
